Domain name report request

Page
1/1

We want to arrange a full domain name takeover. We therefore need details of all the current registrar's domain names, the names registered for .nl Control and financial data. By signing this form, the current registrar agrees to the requested details being given to the new registrar. We understand that the report we receive will reflect the situation at the time that the report is generated. And that the situation may change before the takeover goes through.

1 Current registrar

Current registrar's name

Registrar number

Signatory's name

Job title

2 New registrar

New registrar's name

Registrar number

Signatory's name

Job title

4 Signature

We are authorised signatories registered with the Chamber of Commerce.

Date

Signed for the current registrar

Date

Signed for the new registrar

Send the completed form to:
support@sidn.nl

If you're sending this form together with the takeover request form, we'll send the report before we arrange the takeover.
